Perennials  
Spring 2017  
Part 1

# Candy Store 'Coral Crème Drop Garden Phlox Phlox paniculate 'Ditomdre'

- Herbaceous deciduous perennial
- H: 20-28 in W: 20-28 in
- Easy care - disease and pest resistant
- Fast growing
- Blooms: Fragrant rosy coral with deep-pink accents early summer - fall

# Phlox 'Cherry Red'

## *Phlox paniculata* 'Peacock Cherry Red'

- Herbaceous perennial
- H:18 - 24 in W: 18 - 24 in
- Easy care - disease & pest resistance
- Fast growing
- Average water needs but don't overwater
- Blooms: Magenta blooms mid-summer – fall
- Fragrant
- Heat tolerant; disease resistant
- Salt tolerant

# Phlox 'Peacock White'

## *Phlox paniculata* 'Peacock White'

- Herbaceous perennial
- H: 18 - 24 in W: 18 – 24 in
- Disease & pest resistant
- Fast growing
- Average water needs but don't overwater
- Fragrant white blooms mid-summer - fall

## Coral Autumn Sage *Salvia greggii* Coral

- Dwarf semi-woody perennial (mint family)
- H: 3-4 feet W: 3-4 feet
- Well suited for dry areas
- Grows best in full sun
- Well-drained soil. Will not tolerate wet feet

# Mexican Sage

## *Salvia leucantha*

- H: 2-4 feet W: 2-4 feet
- Perennial
- Blooms late summer to frost.
- Soft grayish foliage.
- Thrives in heat
- Well drained soils.

# 'Little Kiss' Salvia

## *Salvia microphylla* 'Little Kiss'

- Compact semi-woody deciduous perennial (mint family-sage)
- H: 18 inches W: 18 inches
- Prune in spring
- Well suited for dry areas
- Blooms: red and white bicolor spring - frost. Reblooms
- Grows best in full sun
- Well-drained soil

# Salvia x Free Speech

## *Salvia microphylla* 'Free Speech'

- Compact semi-woody deciduous perennial (mint family-sage)
- H: 2-3 feet W: 2 feet
- Prune in spring
- Well suited for dry areas
- Blooms: fragrant red from spring - frost. Reblooms
- Grows best in full sun
- Well-drained soil. drought tolerant

# Black & Blue Salvia

*Salvia guaranitica* 'Black and Blue'

- 4'H 3'W
- Perennial
- Tall, dark green stems with bright sage green leaves.
- Bloom Spring to Fall.
- Deadhead spent flowers to encourage additional bloom.
- Two-lipped, tubular, deep blue flowers

## Dwarf Banana Plant *Musa Poquito*

- Deciduous perennial
- H: 3 feet W: 3 feet  
(Good in containers)
- Heat tolerant
- Flowers: fall
- Well-drained soil
- Water - medium

# Bee Balm 'Grand Palace'

## *Monarda didyma Grand Palace*

- Perennial compact shrub
- H: 13-16 in W:16 - 20 in
- Lavender-purple flowers mid-late summer
- Aromatic foliage
- Good mildew resistance

**Grace Ward Lithodoro**  
***Lithodora diffusa* 'Grace Ward'**

- Perennial evergreen ground cover
- H: 6-12 inches W: 3-4 feet
- Needs regular watering weekly or more in extreme heat
- Beautiful deep blue flowers. Performs best with some shade in extremely hot areas

# Leopard Plant

## *Ligularia dentata 'Othello'*

- Herbaceous perennial
- H: 2-3 feet W: 1.5 - 2.5 feet
- Yellow-orange blooms July - August
- Maintenance: medium. Suggested use: rain garden
- Tolerates heavy shade, wet soil
- Slugs can be troublesome
- Easy care

# Shasta Daisy Becky

## *Leucanthemum x superb 'Becky'*

- Herbaceous perennial
- H: 3-4 feet W: 2-3 feet
- Drought and dry soil tolerant
- Low maintenance
- Deadhead flowers
- Grow in average dry - medium well-drained soil in full sun.
- Wet soils in winter can be fatal.

# Shasta Daisy 'Banana Cream'

*Leucanthemum superbum* 'Banana Cream'

- Perennial
- H: 1-1.5 feet W: 1-2 feet
- Average to medium, well-drained soil
- Lemon yellow semi-double rays with golden orange center; good for cutting.
- Blooms from late spring throughout summer
- Sun to light shade
- Attracts butterflies

# Spanish Lavendar

## *Lavandula stoechas*

- Herbaceous evergreen perennial
- H: 30 inches W: 24 inches
- Growth: moderate
- Blooms: fragrant purple flowers spring – fall
- Gray-green foliage
- Good for hot dry regions.
- Water to establish then can be reduced.
- Prune: fall

# Lantana

## *Lantana camara*

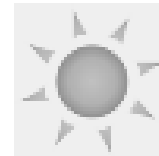

- Broadleaf evergreen upright shrub
- H: 3-4 feet W:1-3 feet
- Moderate grower
- Bright orange blooms July - frost
- Full sun. Low maintenance
- Drought tolerant

# Spotted Dead Nettle

## *Lamium maculatum* 'White Nancy'

- Herbaceous perennial ground cover
- H: 12 inches
- Width: 18 inches
- Fast growing
- Shade loving. Needs wet or constantly moist soil
- White flowers spring - summer
- Can be invasive in northern states

# Siberian Iris 'Caesar's Brother'

## *Iris sibiraca* 'Caesar's Brother'

- Herbaceous perennial
- H: 3-4 feet W: 2.5 - 3 feet
- Bloom time: May, showy deep purple
- Maintenance: low - generally pest-free
- Plant in in moist well drained soil
- Full sun to part shade
- Water: Medium to wet
- Suggested use: rain garden

# Variegated Japanese Iris

## *Iris ensata* 'Variegata'

- Herbaceous perennial
- Japanese water iris
- H: 24 - 36 inches
- Spring blooms: large bright royal purple flowers with small yellow signal
- Easy care
- Growth: moderate
- Grows well in water gardens or in low, soggy ground. Good for backyard ponds or larger container water gardens

# Yarrow - Deep Rose

*Achillea millefolium* 'Desert Eve (TM) Deep Rose'

- Perennial - growing in nearly any sunny condition
- 14-18 inches tall and wide
- Tolerates poor soil
- Low mounds of fragrant ferny foliage
- Dark deep rose flowers
- Heat tolerant
- Growth rate: fast
- Good for cutting, fresh or dried

# Yarrow - Yellow

## *Achillea milleflorum* Sunny Seduction

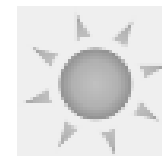

- Herbaceous perennial
- H:1.5 - 2.5 feet W:1-2 feet
- Blooms: June - September
- Low maintenance, tolerates poor soil
- Fragrant

## Cast Iron Plant *Aspidistra elatior*

- **H: 12-20 inches; W: 2 feet**
- **Slow growing**
- **Prefers rich fertile soil but will tolerate range of soil.**
- **Does not tolerate full sun-  
Excellent for deep shade.**
- **Follow regular watering  
schedule. Watering reduced  
after establishment.**

# Tickseed UpTick™ Cream & Red

## *Coreopsis UpTick™ Cream & Red*

- Perennial
- H: 12-14 inches W: 12-14 inches
- Blooms late spring, summer, late summer
- Medium water
- Full sun
- Large cream colored flowers with a burgundy-red eye. The bright flowers cover the tidy mound all summer.

# Tickseed 'Mercury Rising' *Coreopsis x 'Mercury Rising'*

- To 1.5'H; 2 to 3' W
- Perennial
- Average to sandy /rocky soil,  
but well drained
- Blooms from June to Sept. with deep red showy flowers
- Some deadheading to encourage additional bloom
- Tolerates drought
- Along borders divide 2-3 years to maintain robustness

## Japanese Holly Fern *Cyrtomium falcatum*

- Soil: Well-drained, moist
- Large evergreen fern with glossy, dark green foliage
- Tough plant
- Moderately drought tolerant once established
